

The **Triangle Montessori Schools Association** Winter Symposium

A Montessori Community at Work Serving Human Life

Faculty Workshop by Pat Ludick

Becoming an authentic community of Montessori practitioners, all of whom embrace the importance of serving children and adolescents, requires support, renewal, and ongoing commitment. Pat will lead a workshop examining the Montessori principles that unite teachers as they embrace their respective areas of specialization and expertise across the continuum. Grace, courtesy, and civility will be considered as the foundational pillars of community life, for both the adults as well as the children and adolescents they serve. A survey of practical skills that bring about this culture of deep communal life will be part of the activities and discussions.

WHEN:

Saturday, February 7, 2015 from 8:00 a.m. - noon

WHERE:

The Montessori School of Raleigh

COST: \$25.00

Checks payable: Triangle Montessori Schools
Association (TMSA)
